About This Game

Royal Adventure is a turn-based role-playing game, which will be appreciated by fans of the good old-school RPG classics.

The village of Midgard, lost in the remote outskirts of civilization, holds many secrets. Deep beneath the village is the mysterious Dungeon, within which hordes of monsters dwell. And during each lunar eclipse, the Dungeon forces the evil powers to rise to the surface.

The outcome of the battle depends on the hero, who will become a shield between the human race and the inhabitants of the world of the dead. He will have to descend into the depths of the Dungeon to challenge the darkness that reigns there.

This time around, it's you - a brave and valiant knight - who will become the Guardian of Midgard. What kind of friends will you meet on your way? Who will rise with you shoulder to shoulder against the forces of evil? Who will walk with you all the way to the end - from the blossoming hill of Midgard to the dark heart of the Dungeon?

In the beginning of the game, you will plunge into a turn-based tactical battle, where every decision you make determines whether you achieve a resounding victory or a crushing defeat.

very good ship graphics and controls

clear and concise game manual

plays well even if you simply choose to stay on the strategy map

plays even better if you choose to go to ship level combat

no crashes or problems on windows 7 64 bit

if you like naval wargames with a bit of charm and plenty of historical accuracy then get this

. while usually i like these games and have nothing to complain about.

I bought this game almost 3 weeks ago and cant finish it because one of the HO scenes called "Elegant Crank" has a bug where 1 piece is missing.

so far i have seen no reply from the dev's about it getting fix. I'm so happy to find this on Steam!

I've had ISO images of the original CDs for years, but of course they don't work in Windows anymore. However, this Steam version works perfectly fine in full-screen on Windows 10 1903 running on all current hardware. No sound or visual glitches whatsoever. It's well worth the \$6 I paid.

Now it's time to go experience the stories of the Lexington, Jericho, and Persephone all over again!. Not very pretty on the outside, but make no mistake, this game is a labor of love.

♥♥♥♥♥/10. I would recommend if it was on sale since it won't take very long for you to finish the game. If you like tribal games and are into the zodiac, then this is the game for you.. Cool, very similar to VRC Pro, but only one short track here, so not worth picking up unless if you do season pass imo.. Man, this game was bad at the time, and it still bad!. It's an 'okay' casual game.. Fantastic game with excellent atmosphere. Some people don't and won't like it, but don't let that stop you. If this game appeals to your curiosity even a fraction, go for it. It's something different and captures some of the otherworldliness that Lovecraft puts across. Well done to the development team at AlphaWaves.

Absolutely Amazing.. Good story, good concept but the lack of quality animations for the "main character" and the dog ruined it for me. It turned out better than I thought that I have to sit around and wait for events to happen, was like a interactive "movie" but like I say the character work should have been much better.. This game is harder then dota 2 rank. ten/ten would smash the skip key again

. I am rubber, you are glue

YOU WILL LOVE THIS GREAT GAME TOO! . Not a game, it's only an "Interactive" Story.

but still, the Story is Heartwarming, Touching, and really represents the situation of when parents aren't home.

The Artwork is Very Nice, The Background Music is also Good.

The combination of all of the aspects makes this "Game" really good.

I'm gonna give it 9.8/10

I'm definitely gonna buy the Deluxe Edition... it's worth the money... :>. Very Nice. Lots of content. Only problem : Movement is a bit clunky.

. glitchy and poorly thought out game play, dont waste your money. I bought the game just based on the name alone. Wasn't too sure what I was getting into. This is the best mistake I have ever made.

Relive the day of the "big race" and get to the egg before someone else does!

This game is a great little game. Get it
